To whom it may concern,

I have been a tenant of YcHo Artist Studios for just under a year and I couldn't be happier with my studio. My wife and I are from Manhattan and we are used to paying Manhattan prices for things. You will not find a better deal on studio space in any of the 5 boroughs. George and Zuki go above and beyond their responsibilities as landlords and property managers. They invest a huge amount of money, time and resources to promoting the artists in the building. Feel free to come by my studio and have a look.

Sincerely,
RJ DiBenedetto
